WHY AN ASSOCIATION?

An essential service in our society, the Public Curator is hardly known. For people coping with intellectual disability, independent information about its activities is scarce and few external resources are available to help them.

A.D.P.P.C.

A non-profit association established in 1995 with over 300 members and 600 supporters throughout the province, it is the most important community resource specialized in the fields of legal incapacity, regimes of protection and public curatorship.
